# BLACK FLUID

A POWERFUL OUTDOOR MULTI-PURPOSE  
BLACK DISINFECTANT  
SINCE 1889

300 300 0023

# THE ORIGINAL BLACK IS BACK

**In 1889, William Pearson created Creolin, the original black disinfectant, and quickly became one of the biggest chemicals companies in the world.**

**Since then, William Pearson's Creolin has been the number one choice for disinfection in many parts of the world, including Asia and South America.**

**Now it's back in the UK with a new name and a safer, environmentally friendly formulation.**

**As effective as ever, Pearson's Trade Black Fluid now contains no harmful phenolic acids (which are known to be carcinogens).**

## **Features & Benefits**

- Pleasant to use**
- Wide antimicrobial spectrum**
- Economical to use**
- Biodegradable & reach compliant**
- Non corrosive at dilution**

# BATTLING BACTERIA AND GERMS IN HOMES AND GARDENS SINCE 1889

**Pearson's Black Fluid has been dealing with outdoor areas for over 120 years. Destroying bugs, germs and bacteria where they grow, protecting your business, family, home or workplace.**

**Since then Black Fluid has moved on, becoming less harmful to the environment whilst still maintaining that same powerful cleaning action. Try Black Fluid today, and get the same powerful clean as the highstreet brands without sacrificing cleanliness or budget.**
