

ELITE

Fabric Rinse

Express
SOLUTIONS[®]

Effective soil & grease removal
Professional formula - low odour

USES

A specialist acidic rinse to neutralise the effect of alkali detergents. Fabric Rinse helps to stabilise colours and prevent yellowing and browning of carpet fibres.

DIRECTIONS

Vacuum the carpet before commencing any cleaning process.

Pre -dilute 1 part Fabric Rinse to 80 parts of water.

Pre-test fabric for colour fastness before proceeding with the cleaning process.

Apply and extract the solution through a soil extraction machine as a cleaning and rinsing agent after the normal cleaning and pre-spray procedure..

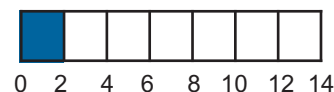

DILUTION

Fabric Rinse : Water		
	Normal use	
	1:80
