

Product Data Sheet

HDS 6/10 C 110V

Compact 110V hot water high-pressure cleaner with eco!efficiency mode.

HDS compact class machines are designed to make high pressure cleaning more convenient and more economical than ever before. Their unique eco!efficiency mode ensures environmentally friendly and economical operation, with a reduction in diesel consumption of 20% compared to previous models. With central one-button operation, excellent mobility thanks to 'Jogger' design and large wheels, HDS compact machines are easy to set-up, intuitive to operate and cheap to run.

eco!efficiency

Features and Benefits:

- 110V power supply for safe hire & site use
- Ergonomic Easy Press gun with Softgrip and turnable stainless-steel spray lance
- Slow-running long life 4-pole motor
- Economical and environmentally friendly eco!efficiency mode, reducing fuel consumption and CO₂ emissions by 20%
- Tilting aid and large robust wheels for easy movement and effortless negotiating of obstacles such as steps and kerbs
- Intuitive set-up and operation with reduced trip hazards – hoses and cable at the back, controls at the front
- Large tank openings with integrated spout for easy filling
- Accurate cleaning agent dosing unit with automatic rinse function
- Lockable accessory compartment for nozzles and tools underneath the cover
- Large hooks for power cord and hose with additional storage space on the back of the machine, and secure lance holder
- Machine Protector system and 3-year burner coil warranty
- Easy service due to pump and motor positions
- Optional add-on hose reel
