

Odourless Sanitiser

CODE 7303

DAILY CLEANER AND DISINFECTANT

- Kills MRSA
- Kills 99.999% of bacteria (passes BS EN 1276:1997 at 1:30)
- Neutral - safe on all surfaces

Designed to control infection in hospitals, care homes, schools and throughout the food industry. A scientific blend of 3 independent biocides to maximise bactericidal action and reduce the risk of bacteria building immunity to chemical disinfection.

USES:

Odourless Sanitiser is an odourless, neutral sanitiser that is ideal for daily disinfection in the food industry.

Effective against MRSA, Salmonella, E.coli and Pseudomonas Aeruginosa.

Odourless Sanitiser cleans and sanitises hard surfaces safely. Use on a regular basis for cleaning and all disinfecting work surfaces, equipment, floors, walls, delivery vehicles, etc.

Suitable for use in a range of industries, including; kitchens, bakeries, confectioners, meat preparation, breweries, shops, butchers, hospitals, restaurants and canteens.

DIRECTIONS

Clean heavily soiled areas with UBIK 2000 prior to disinfection.

Apply to surface using a mop, spray, cloth or other equipment. Allow 5 minutes contact time and then rinse well with clean water.

Sanitising showerheads/air conditioning units: Soak in a 1:80 solution of Odourless Sanitiser for 30 minutes. Rinse well. Kills Legionella Pneumophila (Legionnaire's Disease).N.B.

Do not mix with other chemicals or cleaners. When using Odourless Sanitiser in machines, a defoamer may need to be added to the water collection tank.

Use biocides safely. Always read the label and product information before use.
