## ENVIRONMENT POLICY STATEMENT

Capital Cleaning affirm that the protection of the environment is central to the development of quality services, products, standards and practices throughout the Company.

To achieve this central aim we have ensured that all of our suppliers use a formal system of quality practices which meet the standards specified by ISO14001 and other European standards which control and monitor the production of hazardous waste and effluent.

We are committed to the implementation of environment protection policies as prescribed by government legislation and to promote as applicable the recommendations of National and International environment commissions.

Adherence to this policy is mandatory to all employees and suppliers and is approved and endorsed by the company directors.

Stephen Wentzell  
Director
