

Item Name:Electric FOGGING MACHINE

Specifications:40*40*22cm

Weight: net weight: 2.76kg gross weight: 3.76kg

Product Feature:Easy to operate;

Used as high efficient disinfection, sterilization, insecticidal; humidifier

material: USE 0corrosion-resistant material as medicine box material ,PP engineering material machine durable for using

Voltage: 220V 50hz; Power: 1200W

Tank capacity: 4.5L;

Spray distance: 8-10M

Spray volume: 0-260ML/MIN

Power cord length: 5m

cargo size : 47*22*42cm

Injection speed: 35-50L / h

Speed: 36000 rpm

Droplet size: 10-36um

Package size: 44*41*32cm (1pcs/1pkg)
